**SARS-COV-2 Rabbit Monoclonal Antibodies**  
**Biotin-Conjugated Anti-Spike (S1 domain)**

**Modification:** Biotin

**Description:** Antibodies were labeled with EZ-Link™ Sulfo-NHS-LC-LC-Biotin (ThermoFisher) at 1:20 molar ratio (antibody to biotin).

**Storage buffer:** PBS pH 7.4, supplemented with 1% BSA and 0.1% Proclin 300.

**Application:** Most biotinylated antibodies work well at concentration of 0.1ug/ml to 0.5ug/ml. Users should determine optimal conditions based on their own experiments.

Cat #	Antibody Clone ID
551001-20Bio, 551001-100Bio	373-40A
551004-20Bio, 551004-100Bio	373-4A
551012-20Bio, 551012-100Bio	373-46A
551024-20Bio, 551024-100Bio	373-42A
